

TMC Soy Solvent

Soy-based, Biodegradable Parts Cleaner

TMC SoySolvent is a specially formulated, biodegradable and recyclable, soy methyl cleaner and degreaser that replaces petroleum solvents for cleaning parts and equipment. SoySolvent contains no hazardous Volatile Organic Compounds (VOCs), is non-toxic and has no strong odor, fumes or vapor. It is a non-petroleum-based, biodegradable product derived from renewable, American-grown soy beans. It removes grease, oil, sludge, dirt, tar, asphalt, adhesive and more without harming the cleaning surface.

Using TMC Industries' reclamation services, TMC SoySolvent can be recycled, saving you money and disposal costs.

Applications

- Industrial Parts and Equipment
- Automotive and Aircraft Parts
- Engines and Motors
- Construction Equipment
- Tools
- Concrete Floors
- Flexographic Inks
- Generators and more

Specifications

Appearance	Light yellow liquid
Smell	Mild, bland odor
Kauri Butanol (KB) Value	58 (d'Limonene = 56, Mineral Spirits = 35)
Specific Gravity	0.88
Flash Point	> 300° F
Solubility	Organic solvent, silicones and fluorocarbon solvents

Available in 5 gallon pails, 55 gallon drums and 300 gallon totes.
